HOSPITALITY TEAM MEMBER

Carrying out a range of general and specialist roles within hospitality businesses, including bars, cafes, conference centres, restaurants and hotels.

The Hospitality Team Member Apprenticeship is aimed at team members working in a range of establishments, for example, bars, restaurants, cafés, conference centres, banqueting venues, hotels or contract caterers.

The role is very varied and although hospitality team members tend to specialise in an area, they have to be adaptable and ready to support team members across the business, for example during busy periods.

You will develop knowledge and skills in recognising customer needs, understanding a range of products and services, the hospitality industry, excellence in customer service and working in a team.

The apprenticeship will also focus on key behaviours such as time management, being agile, professional and inclusive and open to feedback, empowering you to be self-aware and develop a growth mind-set.

LEVEL

2

DURATION

14 MONTHS

COST

THERE ARE TWO MAIN FUNDING METHODS BY WHICH APPRENTICESHIP COSTS CAN BE COVERED: LEVY AND NON-LEVY

HOW WILL THE TRAINING BE DELIVERED?

This apprenticeship programme will focus on 3 areas of learning and development: Knowledge, Skills & Behaviours.

We have replicated what we have learnt on the pitch and applied it to the corporate world. We will embed our corporate athlete tactics, supporting your mental focus, physical capacity, emotional connectivity and aspirational alignment, allowing you to thrive in the most challenging circumstances.

HOME OR AWAY?

Delivery is within the workplace and at the home of your organisation, however you will be invited to masterclasses at our inspiration stadium or other similar sites, away.

It is expected that you will spend 20% of your contractual working hours undertaking learning and development. Reasonable time for training while at work should be given and may include reflection, mentoring and the development of new skills while at work.

HOW WILL I KNOW THE PROGRAMME IS RIGHT FOR ME OR MY COMPANY?

An advisor will discuss job roles, career aspirations and organisations' operational needs, to ensure the right level and programme is chosen. In addition, there will be an initial starting period of analysis, called a Flying Start, where advice and guidance may suggest a different learning path to excellence.

WILL THERE BE AN EXAM?

Yes, apprentices will be formally assessed at the end of their programme by an Independent Examiner. The assessment of competence will include a number of assessment methods, such as a competency based interview, practical observations, presentation, written exam, project or professional discussion. The exams may be conducted at the workplace or at another location.

ENGLISH AND MATHEMATICS

If you don't already hold GCSE level A* - E or equivalent in either of these subjects, your programme will include teaching and examination of level 1 Functional Skills. You will be required to achieve a Level 1 to complete your apprenticeship, and work towards a Level 2.

THE NEXT STEPS

Learners can progress onto an Advanced or Higher Apprenticeship in vocation expertise or in Team Leading or Management.

Available courses:

Level 3 Team Leading, Level 5 Management, Chartered Managers Status or Higher Education.
